

GOVERNOR ACCEPTS GIFT  
ON BEHALF OF STATEFederal Appropriation of \$10,000 for  
Agricultural Extension Work  
in Virginia.

## V. P. L. TO HAVE CHARGE OF FUND

Governor Makes Formal Statement.  
Acting Under Law Which General  
Assembly Is Not in Session.

Governor Stuart yesterday made the formal acceptance, demanded by law of the gift of \$10,000, conveyed by the Federal government to the State under the Lever bill for agricultural extension work in Virginia. The Lever bill provides that every State in the Union is to receive this year from the Federal treasury, for use by State agricultural schools in farm extension work, the sum of \$10,000. Under the terms of a bill recently enacted by the General Assembly, the Virginia Polytechnic Institute is to have immediate charge of the agricultural extension work in the State, and this, and the law which authorized the trustees of the Institute to receive the money.

The Lever bill provides, in addition, that each State in succeeding years is to receive from the Federal treasury a sum equal to the appropriation made by the State for agricultural extension work. The bill makes it necessary for the Legislature of each State, before the Governor can accept the gift, to be in session, to make formal acceptance of the terms of the appropriation. Accordingly, Governor Stuart issued yesterday the following public document:

## FORMAL ACCEPTANCE

MADE BY GOVERNOR  
Whereas, The Congress of the United States has passed an act, approved by the President, May 8, 1914, entitled, "An act to provide for cooperative agricultural extension work" under the Agricultural Extension Act of the several States receiving the benefit of the act of Congress approved July 2, 1902, and of acts supplementary thereto and the United States Department of Agriculture;

Whereas, It is provided in Section 3 of the act aforesaid, that the grants of money authorized by this act shall be paid annually to each State, which shall by action of the Legislature, or by the Governor, if the Legislature is not in session, provide that payment of such installments of the appropriation hereinafter made as shall become due to any State before the next regular session of the Legislature next after the passage of this act, may, in the absence of prior legislative action, be made upon the receipt of the Governor thereof, duly certified to the Secretary of the Treasury;

Whereas, The Legislature of the State of Virginia is not in session at this time, therefore, I, H. C. Stuart, Governor of the State of Virginia, do hereby give the assent of the State of Virginia to the provisions and requirements of said act, and authorize and empower the trustees of the Virginia Agricultural and Mechanical College and Polytechnic Institute to receive such installments of the appropriation hereinafter made as shall become due to the State of Virginia before the adjournment of the next regular session of the Legislature, and to organize and conduct agricultural extension work which shall be carried on in connection with the college of agriculture of said college in accordance with the terms and conditions expressed in the act of Congress aforesaid.

(Signed) H. C. STUART,  
Governor.

By the Governor,  
R. C. JAMES,  
Secretary of the Commonwealth.

FIRST COMMENCEMENT  
OF VIRGINIA HOSPITALMayor Aldie Will Preside at Final  
Exercises on Tuesday Night,  
May 20.

## GENERAL PUBLIC IS INVITED

Miss Cummings, Superintendent, Anxious to Show What Municipal Institution Has Accomplished.

Mayor George Aldie is to preside over the first commencement exercises of the Virginia Hospital, Richmond's latest municipal acquisition, which will be held in the auditorium of the John Marshall High School on Tuesday evening, May 20, when the first three graduates of a Richmond city hospital will be presented their diplomas and pins.

The hospital is a municipal and public enterprise, and the commencement exercises will be open to the public. Miss S. E. Cummings, superintendent of the hospital, was emphatic yesterday that the invitation be extended to the general public, and expressed the hope that as many Richmond people as can enter into the large auditorium of the high school will attend.

"We are very proud of our hospital," she said, "and we wish the people of the city to know what we are doing and what we are able to do with the improved facilities which the Administrative Board has placed at our disposal. The fact that there are rooms reserved in the hospital for members of the Fire and Police Departments and a room for the city school teachers does not mean that they are the only ones who are received here. Not by any means. This is a city institution, and we are particularly interested in it as such. We are very proud of the work which we are able to do now, and we wish the citizens of Richmond to know all about the hospital and its work and to feel a personal interest in the several States receiving the benefit of the act of Congress approved July 2, 1902, and of acts supplementary thereto and the United States Department of Agriculture."

Whereas, It is provided in Section 3 of the act aforesaid, that the grants of money authorized by this act shall be paid annually to each State, which shall by action of the Legislature, or by the Governor, if the Legislature is not in session, provide that payment of such installments of the appropriation hereinafter made as shall become due to any State before the next regular session of the Legislature next after the passage of this act, may, in the absence of prior legislative action, be made upon the receipt of the Governor thereof, duly certified to the Secretary of the Treasury;

Whereas, The Legislature of the State of Virginia is not in session at this time, therefore, I, H. C. Stuart, Governor of the State of Virginia, do hereby give the assent of the State of Virginia to the provisions and requirements of said act, and authorize and empower the trustees of the Virginia Agricultural and Mechanical College and Polytechnic Institute to receive such installments of the appropriation hereinafter made as shall become due to the State of Virginia before the adjournment of the next regular session of the Legislature, and to organize and conduct agricultural extension work which shall be carried on in connection with the college of agriculture of said college in accordance with the terms and conditions expressed in the act of Congress aforesaid.

Whereas, The Legislature of the State of Virginia is not in session at this time, therefore, I, H. C. T. Faulconer, of this place.

The funeral services will be conducted to-morrow, and her body will be interred in Maplewood Cemetery.

ONE MUST DIE, WHILE  
OTHER GIVEN RESPIRE

One of Two Negroes Under Death Sentence Will Expire Crime To-Morrow.

One of the two men under sentence to die in the electric chair in the State Penitentiary to-morrow morning at 10 o'clock was granted a month's respite yesterday by Governor Stuart, but the other will pay the penalty of his crime within twenty-four hours as the court decreed.

Luther Tyler, colored, convicted in Goodland County of a capital crime against a woman and sentenced to be executed on the morning of May 22, was the man to feel the sweetness of executive clemency. On representations made by persons familiar with the crime and Tyler's conviction, the Governor decided to stay the execution until June 19. According to those who intervened in Tyler's behalf there is evidence now available which was not discovered before the trial which tends to cast doubt on the condemned man's guilt.

The respite was granted to allow a full investigation of the alleged after-discovered evidence. Should this fail to materialize into impressive facts, Tyler will suffer death on June 19. George Woods, colored, wife kidnaper, will be executed to-morrow morning at daybreak. A vigorous effort has been made in his behalf with the Governor yesterday that he be granted a respite pending a full investigation by physicians.

Trigon physicians reported to the Governor yesterday that Woods was not only not insane, but was a man of more than average intelligence. Thereupon the Governor refused both the petition for commutation and the petition for respite.

Woods escaped from a road force to which he had been sentenced for a while selling and returned to his home in Danville to kill his wife by a single shot with his own hands. He afterward went back to the road camp, surrendered, admitted his crime, and feigned insanity.

## ORPHANS' OUTING JUNE 17

Annual Picnic Will Be in Form of Trip to Jamestown Island.

Robert B. Allport, in charge of the arrangement for the picnic outing this year, has announced that the picnic of the institutions in the vicinity of Richmond will be taken to Jamestown Island on the steamer Pocahontas on June 17.

Great plans for the entertainment of the children are being made, and every effort will be exerted to make the occasion a memorable one in their quiet little lives. The event will be in the nature of a picnic, for a band has been secured, there will be games on the boat and at the island and efforts are being made to secure the service of a motion picture concern, so that pictures may be taken and afterward shown in local theatres. It is probable that Mayor Aldie will accompany the party on the trip down the river.

## U. S. CIRCUIT COURT OF APPEALS.

The United States Circuit Court of Appeals convened yesterday morning at 10 o'clock, with Circuit Judges Pritchard, Knapp and Woods, and District Judge McDowell, in attendance.

The following case was argued: No. 127.—The Laurer & Sater Company, appellant, vs. Herbert L. Hildreth, appellee: appeal from the District Court at Baltimore, Md. Argued by George W. Lindsay, Baltimore, for the appellant, and by George P. Dike, Boston, for the appellee, and submitted.

Cases in trial to-day: No. 123.—Produce Building and Loan Company, petitioner, vs. J. W. Hall, bankrupt, respondent: petition to supersede and revise, etc., District Court at Richmond. In bankruptcy. To be argued by Harper & Goodman.

## FOLK INTRODUCES LETTER

FROM MELLIN TO ALDRICH  
The following letter from Mr. Aldrich to Senator Aldrich, under date of August 29, 1905, was read by Mr. Folk:

"My dear Senator:  
"As I wrote in the impression that I was to hear from you again regarding the matter we discussed at our last interview, before taking any action."

"It was my understanding you were to get some definite assurance that was to be transmitted to me, which I could use as a basis for presentation to my directors for action, and I handed you a copy of the trust that has been provided for the handling of this and other similar matters, and since my return to my office I sent you a copy of the contract by which the New York, New Haven and Hartford Railroad becomes the guarantor of all the preferred shares that were to be issued by said trust."

"I have taken no action, on the understanding I was to hear from you further, but the delay has been so long I am in doubt whether or not there is some misunderstanding as a result of our interview."

"What was the definite assurance alluded to?" asked Mr. Folk.

"That Mr. Aldrich was to bring about a resumption of the negotiations."

"What was the reference to a 'trust'?"

"That refers to the formation of a voluntary association which is done under the laws of Massachusetts to carry out transactions."

Mr. Mellin testified that the price paid for the Rhode Island trolley system was between \$19,000,000 and \$20,000,000.

"We paid about twice the value of the properties, but we thought they would be worth what we gave."

"You knew there was bound to be a deficit?"

"Yes, we looked the matter square in the face and did not deceive ourselves."

The deficit, Mr. Mellin added, was larger than had been expected.

"Hasn't it been on an average \$400,000 annually?"

"I think that for the year ending June 30, 1913, it was not more than \$300,000 and I believe that was the largest in any year."

"Did Mr. Morgan advise this purchase?"

"The records will show as to that."

## WITHDRAW OBJECTIONS

Counsel Tells Court That No One Opposes Renewal of Bagley's License.

Counsel for the protesters against the renewal of the liquor license of Phil J. Bagley, who conducts a saloon at 316 North Twenty-fifth Street, notified Judge Richardson yesterday afternoon that they have withdrawn all objection to the renewal.

The lawyer for the saloon-keeper at once asked the court to enter an order granting the license, but Judge Richardson preferred to take the case under advisement, and will pass upon it at the same time when he announces his decision as to the other pending applications.

The Hustings Court will resume the liquor inquiry at 3:30 o'clock this afternoon with a hearing on the application of Edward S. Hoge for a renewal of his license to conduct a saloon at 202 Venable Street. With eleven cases still unheard, it appeared yesterday that the liquor inquiry will not be concluded this week, as Judge Richardson had hoped.

his long talk with Mr. Perkins. He said he was not talking politics. Alfred P. Sater, progressive candidate for United States Senator from Pennsylvania, also conferred with Colonel Roosevelt. He reached Sagamore Hill late today and spent the night there.

Colonel Roosevelt's activities today removed all doubts whether he would take an active part in this year's campaign. It is known that the expectations of the most ardent friends of his career. No definite plans have been formed, but it is probable that in September he will make a trip across the continent, speaking in most of the States.

On May 30, Colonel Roosevelt will sail for Spain for the wedding of his son, Kermit. In the intervening period he will attempt to start the machinery for the campaign. On his return about July 1, he will begin the campaign proper.

Only one of the quietude and bracing air of Sagamore Hill wrought a great change in Colonel Roosevelt's manner and appearance. To-night he was full of vigor and walked with a full free swing.

To-morrow morning Colonel Roosevelt will go to New York. The really important thing he has to do, he explained, is to get new clothes for his son's wedding.

## Plaintiff Again Wins Case.

[Special to The Times-Dispatch.]  
Winchester, Va., May 20.—At the second trial of the case of J. L. Amick, administrator of W. L. Amick, against the Powhatan Lime Company of Strasburg, the jury in the Circuit Court of Shenandoah County, Va., yesterday awarded him \$2,600 damages, or \$500 less than at the first trial. When the case was first tried the lime company appealed, and the Supreme Court of Virginia affirmed the judgment for another trial. The company has again appealed, and the Supreme Court of Virginia has again affirmed the judgment for another trial. The company has again appealed, and the Supreme Court of Virginia has again affirmed the judgment for another trial.

Killed in Ohio.  
[Special to The Times-Dispatch.]  
Winchester, Va., May 20.—Charles E. Shert, member of an old Shenandoah County family, was killed in an electric accident near North East, Ohio, the early part of the week, and his remains were interred yesterday at Toms Brook, Va., his old home.

He was engaged in business in Wood County, Ohio.

This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.
